Don't miss this chance to own a fine plano. The terms are so arranged as to make it possible for everyone to take advantage of this Great Sale, which amounts to nothing less than a wholesale preposition. Some have bought a year in advance of the time they had expected to buy merely to take advantage of the great saving. Indeed, if there is a need at any time in the future for a fine plano it will pay to consider the offer we are making, which as a money-saving proposition has sel-

The Safest Investments

Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mortages), well secured on real estate district of Columbia, constitute "gilt investments. They do not depend upon the financial responsibility of individuals or cor-porations for their stabilty and are exempt from taxation as personal property. We can supply such investments in amounts from \$500 upward. Send for booklet "Concerning Loans and Investments."
